*Air Niugini makes a commitment to Lae with flights to Cairns with an attractive promotional offer!*

**Air Niugini's commitment to the people of Lae**

Air Niugini has made it's first step towards a stronger commitment to the people of Lae with the introduction of a service between Lae and Cairns via Port Moresby.

It is also a two way service, in more ways than one.

If the flights are well patronised and subsequent demand exists, Air Niugini will consider the introduction of direct services between the sister cities of Lae and Cairns.

## Business Advantage PNG

YOUR GATEWAY TO PAPUA NEW GUINEA AND THE REGION

### First step towards direct flights between Lae and Cairns?

27 Mar 2013 by [Business Advantage Leave a Comment](#)

**Business people in Morobe Province are hoping a new timetable, which sees Air Niugini flying between Lae and Cairns via Port Moresby, is the first step towards direct flights between Australia and PNG's second city.**

This move follows recent discussions between the Lae Commerce (LCCI) and the airline. A total of 10 flights will operate between Lae and Cairns each week from April 2013, while five flights will operate between Cairns and Lae. Passengers will have a layover of about an hour in Port Moresby for customs and passport procedures.

'The same plane will fly the entire route, and at friendlier times,' according to Alan McLay, President of the LCCI, who praised the chairman of Air Niugini, Garth McIlwain, for listening to local business people.

But McLay warns the introduction of direct flights will depend on usage. He says the private sector has drawn up plans for an international departure lounge, customs and passport control at Lae's Nadzab Airport, which the National Airports Corporation has modified and approved. He says the planned building is estimated to cost K350,000 (US\$162,000).

### Four-lane airport highway in Lae gets go-ahead

27 Mar 2013 by [Business Advantage Leave a Comment](#)

**The work to upgrade the 40-kilometre stretch of road between the port of Lae and Nadzab Airport into a four-lane highway is expected to begin in June 2013, according to the Lae Chamber of Commerce and Industry.**

Chamber President Alan McLay, a member of the project's steering committee, told *Business Advantage PNG* that the Papua New Guinea Government had approved the project, which will be funded by China's Exim Bank. The work is likely to significantly improve what is currently a 40-minute journey.

The total cost of the upgrade is K470 million (US\$218), with the first stage costing about K150 million (US\$70 million).

The project is expected to take three years to complete.

## LAE - NADZAB FOUR LANE HIGHWAY

A Steering Committee meeting for the Lae to Nadzab four lane Highway was conducted by the National Roads Authority and Department of Transport on Tuesday this week. This committee is the Project Oversight Committee and consists of members from all the stakeholders involved, including – The Department of Works, Telikom, PNG Power, Water PNG, NRA, Morobe Provincial Administration, Lae Urban Local Level Government, Civil Engineering Department of UNITECH and the LCCI.

**Lae Chamber is on the Steering Committee for the new 4 lane Highway to NADZAB**

## LAE - NADZAB FOUR LANE HIGHWAY (Cont)

The funding for this project includes K150 million in this year's PNG National budget, and a further K280 million over the next 2 years, which is expected to come from a loan from China's EXIM Bank. The Contractor has already been appointed – CRI (Chinese Railway International) and they are expected to be on site in 2 weeks time. The aim is to construct a 40 year 4 lane highway from Lae Port to NADZAB.

The road construction has been split into the following stages:

- 1) 1A – from near the Wau Highway turnoff to a point near St. Josephs Technical School.
- 2) 1B – from near St. Josephs Tech to Bugandi Roundabout - (alternative to 1C below)
- 3) 1C – Renew the proposed by-pass road from a point near St. Josephs Tech to the Lae Port
- 4) 2A – Nadzab to Wau Highway turnoff
- 5) 2B – Construct a new Yalu Bridge

The construction will require a 40 metre corridor to allow the 4 lane Highway to be built.

An ambitious schedule has been drawn up, which will allow for the following:

### APRIL 2013 – DOW/NRA

- To seek approval from all agencies and authorities
- Sort out all labour requirements
- Services relocation
- Land Issues
- Identification and removal of settlers

### MAY 2013 – DOW/NRA and EPC CONTRACTOR

- Complete designs and approve the final designs -
- Testing
- Plan Mobilization

### JUNE 2013 - START SECTION 1A

- Mobilization
- Design verification and commence construction

I fully understand that you will have many thoughts and doubts about the commencement of this project, and hence I would appreciate you taking time to write them down with reasons so I can present them at the next meeting of the Steering Committee.

## Presentation of the Bank of Papua New Guinea's March 2013 Monetary Policy Statement

On Wednesday 3<sup>rd</sup> April, the Bank of PNG will launch their 2013 Monetary Policy in Lae. The Governor of the Bank Mr. Loi Bakani will do the presentation at a cocktail function at 6:00 PM on the Wednesday evening at the Lae International Hotel.

The function will be hosted by the LCCI. I ask all members who wish to attend this function to contact Jenna on 472 2340 or reply to Wendie on – [info@lcci.org.pg](mailto:info@lcci.org.pg)

**Professor Sonny Nwankwo** is from East London University UK, his academic career in Nigeria, after a degree in

Management Studies from the University of Jos and an MA in Marketing from the University of Nigeria. He subsequently spent a period in business working with national telecoms company before returning to academia. He completed a PhD at City University, London and held academic positions at Leicester and Sheffield Business Schools before joining UEL in 1999. In his role as Director of Research & Enterprise he focuses on seeking external funding opportunities and creating networks to sustain engagement with entrepreneurial opportunities. Currently he leads a team of researchers across five London universities and network organizations to establish the Black Business Observatory under the auspices of the London Development Agency. Professor Nwankwo's research specialism is consumer studies, more specifically consumerism and consumer protection - especially in conditions of market failure. These research interests now extend to entrepreneurship among Africans in the UK. He supervises a large number of research students and some of his earlier doctoral students are now themselves Professors, senior consultants and top-level business managers.
