Date: 10th July 2014

Dear Sir

RE: INVOLVEMENT OF BUSINESS HOUSES IN BIOMETRICS REGISTRATION

The introduction of Biometrics into Lae District is a Project Initiated by the National Government and is being implemented in the District by Hon. Sompasa Kaka, Minister for Youth, Religion & Community Development & Member for Lae Open Electorate as a Pilot Project.

The main idea here is to get everyone living in Lae District registered.

A number of Business Houses in the City have not opened themselves for Lae District and seek to Terms disapproved to carry out awareness Campaign to employees despite my letter to all residents, Company's and Government Houses, Church and other stake holders in the last two (2) weeks in its Awareness was broadcasted to the entire district.

The Companies are:-

S.M.S, National Catering services (N.C.S), Bishop Brothers, Wolly Industry (Ward St) and Nesle.

The purpose of my writing to you is to advise that the above Companies have not allowed the Government Teams in for awareness to their employees, and did not succumb to the Government Policies and the Introduction of Biometrics into the District. I make it clear that this is a Government Initiative and I expect all Business Houses operating in the vicinity of Lae Metropolitan to comply and request your office to assist in disseminating this information to all Companies who may not have heard of the programme.

I will greatly appreciate if you could convey the same to the Businesses Houses in Lae District.

Thank you,
Yours Sincerely

NORRI CAUSTUS

District Administrator

Deputy: Hon. Sompasa Kaka MP, Minister for Community Development, Youth & Religion

Hon. Betty Nam, Governor Marble Province
